Autism

Autism Spectrum Disorders Certificate Program

DEPARTMENT OF SPECIAL EDUCATION

Consider the **Autism Spectrum Disorders (ASD) Certificate Program** to expand your preparation for today's diverse classrooms!

This ASD program is designed for:

- Current UW-Oshkosh Students
- Special Education Teachers
- General Education Teachers
- Family Members
- Line Therapists
- Service Providers
- Paraprofessionals

Participants can choose to enroll in the full certificate program or only the autism specific courses.

The number of students identified as having ASD has created a shortage of professionals with expertise in this area.

The Autism Spectrum Disorders Certificate Program addresses the increasing need for developing expertise in educating and supporting individuals with ASD.

UW Oshkosh ASD Certificate Program

Core Program Components Include:

- Understanding characteristics and causes of autism
- Meeting communication and sensory needs
- Applying behavioral interventions across settings
- Creating educational programs for students with ASD

Participants with experience working with individuals with ASD can apply to have the practicum requirement waived.

To complete the certificate, participants who are enrolled in the UW Oshkosh Special Education program may only need **2** additional courses!
