First Email Your Students will Receive About Early Alert (a week prior to Early Alert)

Dear Student,

Your success at UW Oshkosh is important to us. To enhance your success, a campus wide Early Alert program was developed.

What is Early Alert?
Early Alert is a program that provides you with an Early Grade Report from faculty. Early Grade Reports will indicate if you have academic performance or attendance issues and specific steps you can take and resources available to help you improve.

How can Early Alert help you?
It is common for students to be unaware of or over-estimate their academic performance in classes and discover often when it is too late to correct the problem they are not doing as well as they thought. Since beginning Early Alert there has been a decrease in the number of dropped classes because students were made aware early on of their progress and were given strategies for success in the classroom.

How and when will Early Alert grades be sent?
E-mail notifications will be sent on **Thursday, October 10th** from earlyalert@uwosh.edu with the subject Early Grade Report. **It is important to read the entire email carefully**.
