**PRAXIS II:** According to new Wisconsin Department of Public Instruction (DPI) guidelines, all students who will complete their program for teacher licensure **AFTER August 31, 2004**, will have to demonstrate that they have taken appropriate Praxis II Content Knowledge Exam(s). Students must demonstrate that they have passed the appropriate exam(s) before they will be approved for student teaching.

The Praxis II Content Knowledge test measures subject matter knowledge. It *is not* an exam about how to teach. It is an exam that assesses your knowledge about what you teach. Depending on your major/minor, you may need to take more than one test. Registration information and directions are available in N/E 113. Students must first pass the PPST (Preprofessional Skills Test) and be admitted into the College of Education and Human Services before taking the Praxis II. For sample questions and on-line registration go to the ETS website: [www.ets.org/praxis](http://www.ets.org/praxis).
