

Name: _____

Change Over Time: Using the Menasha Maps of 1884, 1900, and 1913

Directions: Find block number 44 located in the northeast section of the maps. Fill in the chart below using the information from the overview maps. Use your map key to help you figure out the information on the table. Remember, the colors on the 1900 map key are different from the map keys from 1884 and 1913.

Number of:	1884	1900	1913
Brick buildings			
Brick outside/wood inside			
Stone/Concrete buildings			
Wooden buildings (about how many)			
Stable/garages			

Looking at the chart, what do you notice about how the buildings have changed?

What do the changes make you wonder? I wonder...
