

Course Planning Worksheet

This is an unofficial worksheet for your personal use to help with scheduling. Use the back side of this sheet to help plan out the courses you will need to take to complete your degree and the time frame in which you can complete them. Please use Titan Web to access your STAR to see degree requirements and what courses will fulfill those requirements. Monitor your STAR report for changes. Set up an appointment with your advisor (listed on your STAR) for help with scheduling and devising a plan to complete your degree.

Tips:

- Set up an appointment with your Art advisor as soon as possible! They will help you best plan out your course schedule for your time at UWO.
- Schedule Art foundation courses as soon as possible.
- Fill in any course sequences that are required for your major. Be mindful of any courses that are not offered every semester.
- Spread out General Elective courses over all semesters.
- Try to schedule no more than three studio courses during any one semester.
- Remember: 12 credits are required each semester to be considered full time.
