Aurora Health Care, a not-for-profit Wisconsin health care provider, was created around a single idea: there is a better way to provide health care. We are committed to providing the tools and resources caregivers need to excel in doing what they do best – helping people of all ages live healthier, fuller lives. We are Wisconsin's most comprehensive health care system and largest private employer, with more than 28,000 employees. The employees of Aurora are as diverse as the communities we serve. We are direct care providers such as nurses, technicians, physicians, social workers, pharmacists and therapists. We are also support and business office staff such as housekeepers, accountants, carpenters, food service workers, information systems and customer service personnel, to name a few. We work together in hospitals, clinics, pharmacies, business offices and patients' homes in dozens of communities throughout Wisconsin. All of us, every day, are striving to meet the individual needs of each person we serve.
