

Collaborating to Enhance Student Career Development

Don't Cancel Class!

*Do you have an appointment you cannot miss?
Is the weather getting in the way of your commute to campus?
Did you wake up feeling too sick to teach class?*

Instead of canceling class, give Career Services a call and have an advisor come into your class to teach students how to better prepare for their future career. It's a wonderful opportunity for Career Services advisors to speak with students, as well as students learning new ways to enhance their career development!
