

Using colored pencils, color in the boxes as indicated.

blue  
 $\square = 10$

black  
 $\square = 5$

yellow blue green  
 $\square + \square = \square = 20$

yellow white light yellow  
 $\square + \square = \square = 15$

yellow  
 $\square = 10$

white  
 $\square = 5$

$10 + 10 = 20$

$10 + 5 = 15$

red  
 $\square = 10$

red yellow orange  
 $\square + \square = \square = 20$

purple white light purple  
 $\square + \square = \square = 25$

$10 + 10 = 20$

$20 + 5 = 25$

red blue purple  
 $\square + \square = \square = 20$

green white light green  
 $\square + \square = \square = 25$

$10 + 10 = 20$

$20 + 5 = 25$

# Color Math

Here is an equation for this combination of colored shapes:

$$5 + 5 + 10 + 10 + 10 + 15 + 20 + 20 + 20 + 25 + 25 = 165$$

$$(2 \times 5) + (3 \times 10) + 15 + (3 \times 20) + (2 \times 25) = 165$$

$$10 + 30 + 15 + 60 + 50 = 165$$

Using crayons or colored pencils, make a drawing and write an equation for your drawing.
