About this Workshop

This activity-oriented workshop will share tips, tricks, and techniques that maximize success and participation with your students. John's workshop is an educational experience that meets your students' physical, mental, and social needs, brilliantly disguised as fun.

Practical and adaptable. MVPA to the MAX!

"Why Other People Say You Should See John Thomson's Presentation"

To witness a true motivator of children and teachers... To see cutting-edge games and methodologies... to see ways to blend academic concepts and movement... to improve the cooperation quotient... so that positive physical education is the main topic at your student's dinner table... to see a truly creative teacher. Testimonial by Bud Turner, former Health and Physical Education Coordinator of Seattle Public Schools and current Health and Physical Education Department professor at Seattle Pacific University.
