Change the required courses to include:

“either Physics 107 and 108 or Physics 109 and 110”

Justification of Proposed Change

Students in this program need a basic understanding of physics. That material is taught in both the Physics 107/108 and Physics 109/110 sequence. The current prerequisite specifies that students must take the Physics 109/110 sequence. This change gives students another option for satisfying the physics requirement.
