## 2006 ANNUAL MEETING

Tuesday, June 13, 2006 started off rainy but the sun broke through for this year's annual meeting held at the Radford Square main office. Over 100 members attended the lunch meeting with Chris Olson, VP of Communications for the Wisconsin Credit Union League serving as a featured speaker. As was last year, the Credit Union sponsored Trolley Car was a popular way for members to go back and forth from campus.

Board Chair Rick Van Drisse conducted the meeting and President/CEO Scott Chicoine discussed the credit union's financial performance with the highlight being that 2005 finished at an all-time year end high in assets at just over \$17.5 million which was up from about \$6 million in 1996.

Directors unanimously reelected at the annual meeting were Ted Balsler and Becky Payne.

## MEMBER PRIVACY STATEMENT

The UW Oshkosh Credit Union is committed to protecting your privacy. We are required by law to give you this notice on how we collect, use and safeguard your personal, nonpublic information.

The UW Oshkosh Credit Union collects personal, nonpublic information about you from the following sources:

- Information we receive from you on member applications or other forms
- Information about your transactions with us or others
- Information we receive from a consumer reporting agency and,
- Information we receive when verifying the information you provide to us on member applications or other forms.

The personal, nonpublic information collected is for UW Oshkosh Credit Union use only.

We do not disclose any personal, nonpublic information about you to anyone, except as permitted or required by law.

If you terminate your membership, or become inactive, we will not share any information we have collected about you to anyone, except as permitted or required by law.

We restrict access to personal, nonpublic information about you solely to those employees who need to know that information to provide services to you. We maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard your personal, nonpublic information.

## COLLEGE CORNER

### The Dragons Are Coming

The Oshkosh Community Dragon Boat Race will be held on September 23, 2006 in conjunction with the UW Oshkosh Fall Fest celebration. The day will start with an opening ceremony followed by a day of racing on the Fox River. Dragon boat races are a large part of Chinese cultural tradition and have now evolved into an exciting team sport. Teams of 21 paddlers, a steersperson and a drummer work together to move their boat down the waterway to win the race. The event is taking place as a part of the UW Oshkosh Fall Fest celebration, and in partnership with the YMCA and the Grand Opera House. If you would like to form a team or become a sponsor, or to simply learn more check out the website [www.oshkoshdragonboat.com](http://www.oshkoshdragonboat.com).

We will be closed:

- ◆ Monday September 4  
Labor Day (Radford only)

# HOME BANKING UPDATE

There are big things happening with our home banking! Did you know that you can now download transactions from the home banking site into your financial software such as Money or Quicken? Next time you log on, check the options along the left side, and you will see there is a \*Download\* option. Simply click on it, choose the accounts you want to download, the date range and the format for your software, and you're on your way!

On July 14, 2006, we will be upgrading our home banking login procedures. The new procedures are designed to increase security and help insure that only you can access your personal information on this site.

Once the login upgrade is in place, you will be asked to set a 'Secret Word', add your 'Email Address' and setup several 'Security Questions' that you will be able to choose. Once you complete this procedure, you will be able to login with your account number and password on future visits. In addition, we will display your 'Secret Word' during future visits when we ask you for your password. During future visits, if you DO NOT see your secret word, you should not login since this would indicate a fraudulent site. You should contact us immediately if this ever happens.

The new login procedure will also make sure you are logging in from your own computer. Most members login from the same computer each time they visit home banking. However, if you use several PC's to access our home banking site, you will be required to enter your email address and answer your security questions each time you login for the first time from a different computer. You may also be challenged for this information if you get a new PC, get a new browser program or clear your cookies on your current PC. As you can see, it is important that you remember the answers to your security questions. Look for these changes on July 14th. We appreciate your patience and ask that you take a minute to setup your account on the new login system. Just follow the online instructions when you log in. As always, if you have questions or concerns, please let us know.
