** All Lab Sections meet in Harrington Hall 113 (starting September 10, 2007).

Required text: [Laboratory Manual for Physical Geology](#), 2008, 6th edition, Jones and Jones, McGraw Hill Publishers.

Note: Used lab manuals are NOT acceptable!

ATTENDANCE: The hands-on learning provided by this lab is essential to your understanding of geology, and is key to your overall success in this course. As a consequence, attendance and completion of ALL laboratory exercises is mandatory. In order to receive full attendance credit, you must complete your in-class lab assignments to the complete satisfaction of your lab instructor. If you know ahead of time that you will be missing a lab, you must contact your lab instructor **before your lab meets** to discuss your options.

GRADES: Your lab grade will be based on lab exams, attendance, and homework assignments. Your final lab will constitute approximately one-third of your final course grade (see your lecture syllabus for details). You will not receive a separate grade for lab. **You must pass the lab (lab grade >60%) in order to pass the overall 102 course.**

LAB EXAMS: There are three scheduled exams (see Lab Schedule section below), and we may have some unscheduled quizzes. The exams/quizzes will occur at the start of the lab. There will be a lab exercise following each exam.

- If you miss a lab exam due to illness or extenuating circumstances, **it is your responsibility to contact your instructor** by the end of that day; failure to do so may result in a score of zero for that exam. Make-ups due to illness REQUIRE a signed doctor's note. Make-up exams must be completed by the end of Monday on the following week.

FIELD TRIP: A required field trip (details to be announced) is worth 3 % of your lab grade. If you are unable to go on the field trip, you can complete **five** of the following problem sets and turn them into your lab instructor **by the dates indicated**. Late assignments are not accepted. All the problem sets are from the lab manual.

Problem Set:	Due week of:
Ch. 17: p. 338, #4	September 17
Ch. 2: p. 34, #3 and #4	September 24
Ch. 3 p. 51, #7	October 8
Ch. 4: p. 73-74, #5	October 15
Ch. 6: p. 115, #5	October 22
Ch. 8: p. 164-166, #4a-4e	November 5
Ch. 10: p. 202, #6	November 12
Ch. 14: p. 275, #8	November 26

Lab Assignments: Lab assignments: Read through the appropriate laboratories **BEFORE** coming to lab. The instructors will give a brief presentation with the assumption that you will have already read the material.

Special Accommodations: Reasonable accommodations will be made for students with disabilities. Please contact Disability Services (424-3100 (voice) or 424-1319 (TTY)) or visit their web site at <http://www.uwosh.edu/dean/disabilities.htm> for the University's accommodation request form and documentation requirements. Information related to an individual's accommodation

request will be kept confidential.

Academic Integrity: The Wisconsin Administrative Code states: "Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others academic endeavors." (§ UWS 14.01) Plagiarism and other forms of academic misconduct are serious offenses with severe penalties. See the [University of Wisconsin Oshkosh Student Discipline Code](#) for definitions of academic misconduct and details about procedures, sanctions, and other relevant information. Specific questions about the provisions in the Student Discipline Code should be directed to the Dean of Students Office. If you do not understand this statement, please see me as soon as possible.
