TITLE: WRITTEN CALL NUMBER TEST**

STUDENT	
DATE	

This test is designed to be taken in conjunction for Self-Training Guide 1/a, which includes reviewing *Section FOUR – 4.1* in the Stacks Management Student Employee Manual (Introduction to Call Numbers – Library of Congress Call Numbers), and the Call Number Card Test.

The written test consists of 28 example sets of three call numbers each. Read the three call numbers carefully, and determine if the second call number is in the correct place in relation to the first and third call numbers. If the second call number is in the correct place, answer **YES** in the space provided. If not, answer **NO**.
