

UW OSHKOSH
DEPARTMENT OF MUSIC

MUSIC MINOR

The UW Oshkosh Department of music offers a minor in music for qualified students. To be accepted as a music minor, students must first successfully pass an entrance audition.

The 24-credit curriculum for a minor in music includes the following courses:

MUSIC 107 Music Theory I	3 credits (Fall semester only; prerequisite to MUSIC 108)
MUSIC 108 Music Theory II	3 credits (Spring semester only)
MUSIC 116 Music Literature	2 credits (Spring semester only)
_____ Private Lessons (instrumental/vocal)	4 credits (1 per semester)
_____ Large Ensemble	4 credits (1 per semester)
_____ Music Elective	8 credits (excludes applied study)

Scheduling the courses required to complete a music minor require some special considerations:

- a) Theory courses are taken in the sequence MUSIC 107, then MUSIC 108.
- b) Private lesson credits (instrumental/vocal study) must be taken simultaneously with ensemble participation.
- c) If voice is the applied area, MUSIC 185: Applied Voice Diction (1 cr.) is also required in the second semester of applied study, or when offered thereafter.
- d) The applied music credits (private lessons) are limited to a total of 4. If they are not taken simultaneously with ensemble credits, students will be charged the special applied music course fee (\$90 per credit in addition to the regular credit charge).
- e) The music elective credits may be selected from a variety of music courses (excluding applied credits) provided the necessary prerequisites have been met.

For additional information or to schedule an audition, contact the Department of Music at (1-920-424-4224).
