

OSHKOSH DRAGON BOAT RACE & FESTIVAL

Rights

The University of Wisconsin Oshkosh and its partners own all rights relating to the festival, including but not limited to, organization, advertising sponsorship, commercial representation, broadcasting, reproduction and on-site food and beverage sales.

Food & Beverage Policy

The Oshkosh Dragonboat Festival was created to raise funds to support the educational activities of the University of Wisconsin Oshkosh and its partners. Funds are raised through sponsorships, team registrations, and concessions.

Our concession areas have been carefully planned around the requests and needs of our participants. General concessions may be purchased on site throughout the day of the event on a cash basis. Advance food and beverage tickets can be purchased for companies or dragon boat teams. It is our policy that food or beverage carry-ins are not allowed on the festival grounds.

Athlete's village exemption:

Because our teams are asked to remain on the festival grounds for the duration of the races, an exception to the above policy is made for individual teams within the Athlete's Village. Only teams who reserve a team tent or a team tent space will be granted this exemption.

All carry-in food and beverages must be prepared off-site and delivered to the site completely cooked and assembled. These items must be served in and remain in the team tent area. Only team members and their immediate guests may consume the carry-ins. Carry-ins may not be sold or offered to other festival participants.

These items are the only acceptable carry-ins:

1. Potluck (team members bring a food item* to share).
2. Purchase pick-up or carryout products from a public restaurant or grocery store for personal/group consumption.
3. Secure the services of a pre-approved licensed caterer or vendor. (The Dragonboat committee must approve all caterers in writing. Please submit all catering requests (including number of guests to be served, name of vendor, and complete menu order) to dragonlady@uwosh.edu).
4. Brown Bag (each group member brings their own food for personal consumption)
5. Coolers of non-alcoholic beverages.

*It is the responsibility of the team members to safely store and serve food items. Perishable food items should be served for a limited time and then safely stored or disposed of.

All equipment (coolers, serving tables) must fit inside the designated 10'x20' team tent area.

The following carry-in items and equipment are **not allowed:**

1. Grills, slow-cookers, small-flames, turkey fryers, etc.
2. Alcoholic beverages: *Due to liquor license issues, alcoholic beverages may not be brought onto the premises. WI Beverages will be sold by licensed personnel at the festival grounds in accordance with WI state statutes.*
3. RVs, Campers, Trailers
