

ES UPDATE

Special Registration Issue

October 4, 2011

It's that time again, to choose what thrilling and life-changing courses you will take next semester.

What courses are being offered in spring 2012?

You won't find all of them looking up Environmental Studies on PeopleSoft, because some are listed only in another department. So each semester we create a list of all the courses that count. That list is now up on the ES website. You can find the link on the ES webpage near the top right: "Spring 2012 Courses." Or you can go directly to: <http://www.uwosh.edu/es/documents/spring2012.pdf>. Note that the list has the prerequisites for the each course.

Who is my advisor?

We assign advisors based on student interest and faculty expertise. You can find the link to the list of ES majors and their advisors in the Advising Handbook page of our website:

<http://www.uwosh.edu/es/advising>

or you can go directly to:

<http://www.uwosh.edu/es/advising/advisors.pdf>

If you are an ES major and do not see your name on that list, contact David Barnhill, barnhill@uwosh.edu and we'll get you on it.

What if I'm new to the program?

We want to make sure our new students understand the nature of our program, so we require that students talk with our Student Advising Mentor (SAM). This year we are fortunate to have Kyle Sandmire as SAM this year. If you are new to the program, **we will put a hold on your registration** until you have an appointment with him. After that meeting, you will be assigned a faculty advisor. So contact SAM, uh, Kyle at sandmk27@uwosh.edu.

How can I get advising about my courses for next semester?

Contact your advisor—the contact information is on the top of the advisee-advisor list. Be sure to make an appointment before your time to register, so you can get that settled and register as soon as possible.

How do I find out information about the ES program requirements and the courses they offer?

Check out our Advising Handbook webpage: www.uwosh.edu/es/advising . There is lots of information there.

What if I'm not an ES major but want to find out what would be involved?

Contact SAM, Kyle Sandmire, sandmk27@uwosh.edu to make an appointment.

If you have other questions, please email the Director of ES, David Barnhill, at barnhill@uwosh.edu
