"How To Do It" Teaching Assignment

MUSIC 145—Dr. Liske

"How To Do It" Teaching Assignment: Plan, prepare, memorize, and teach a five minute "lesson" for your classmates showing how to do something you are interested in. This does not need to be a music topic. Assume your students are adults who know little about the concept or skill you choose. Refer to *Prelude* pp. 18-21 for help.

Prepare a typed lesson plan to turn in the day you teach which includes the following:

Concept or Skill (brief description)

Materials Needed

Objective(s) ("Students will...")

Procedures

Preparation (teacher demonstrates)

Development (students do as asked)

Transfer (explore the usefulness of the new skill/concept)

Assessment (confirm that objectives have been met)
