LIBERAL ARTS EMPHASIS

Professional Journalism Internship is offered through the UW Oshkosh College of Letters and Sciences, the liberal arts college of our campus. A liberal arts education transcends preparation for specific careers, providing general knowledge and allowing students to develop intellectual capacities and critical thinking skills.

ACADEMIC HONESTY POLICY

UW Oshkosh is committed to a standard of academic integrity for all students. The system guidelines state: "Students are responsible for the honest completion and representation of their work ... and for respect of others' academic endeavors" (s. UWS 14.01, Wis. Adm. Code). Students are subject to disciplinary action for academic misconduct, which could include oral or written reprimand to suspension or expulsion.

COURSE DESCRIPTION

This course, including the related hands-on work experience associated with it, is designed to provide journalism students with first-hand knowledge of what it means to be a media professional. The insights you gain should prove useful in all fields of communications, including newspapers, magazines, the Internet, advertising, public relations, social media and broadcasting.

It will also help prepare you for the job market in that you must complete a resume, references, business card, cover letters and online and book portfolios.

COURSE OBJECTIVES

A key goal of this class is to provide student interns with a quality job experience under the supervision of a mass media professional. This course also gives students an opportunity to reflect on their experiences on the job and to share those experiences, whether good or just so-so, with other interns and with students who are considering an internship. It will help students understand the often-complex nature of the workplace, and of the diversity of people and job

opportunities in the journalism field. Another purpose of this course is to help students move more smoothly from a university setting to a job in the profession.

COURSE METHODS

Classes will feature discussions of issues related to the internship experiences. A clearer understanding of the profession can be achieved through thoughtful reflection and collaborative assessments. Everyone must participate in classroom discussions.

STUDENT RESPONSIBILITIES

Following are the expectations of students:

- Attend all class sessions and contribute on designed topics. If you cannot attend, you must listen to the podcast of that class and write up a 1-2 page synopsis that is due by the following class period.
- Ensure that your internship file is complete, including the appropriate forms, written reports, supervisor and student evaluations, and updated resume, cover letter, business card and references.
- Upload your resume, references and at least eight pieces of work to Folio 21 or another electronic portfolio, granting your instructor access to it.
- Assemble a book portfolio of work done during the internship, and include any other material that could be presented during a job interview.
- Share your experiences with and describe the internship program to students in other journalism department classes.
- Complete a group newsletter, which will be used to educate others about the internship class and the value of an internship experience.
- Meet one-on-one with the instructor before the end of the semester to review your internship and work completed.
- Submit to the instructor the following written reports:
 - 1.) A three-page summary of the work performed during the internship
 - 2.) A one- or two-page evaluation assessing the quality of the internship experience and what could be done to make the internship more worthwhile
 - 3.) A one-page description of the internship that will be used to provide information to future student interns about your specific employer. It should include information how to apply for your particular internship.
- Students are required to attend the Professional Interview Experience from 2-5 p.m. Tuesday, April 3, 2012 at UW Oshkosh Career Services offices within the Student Success Center on Elmwood Avenue. Each student will have two interviews, and employers will “post” a job listing so students know exactly what they are “applying” for. You must also write a cover letter for each position. Those cover letters will be e-mailed to the appropriate employers in advance.
- In addition, students must attend **TWO** of these events and write up a report about what they learned for each:
