What past interns have to say about their experience at Burns:

"My time and experience at Burns was unparalleled compared to my previous internships. The actual responsibility and trust that I was given made me feel like I was not only in a full-time job atmosphere but a valuable asset to the Burns team as well. I strongly encourage anyone who is interested in advancing their knowledge and skills within the sports and entertainment industry

to partake in this internship opportunity at Burns."

Jason Lisherness, Fall 2008

"Burns Entertainment has taught me key skills necessary for success in the entertainment industry. I wanted an internship that would better develop business skills that cannot be taught in a class room, and I was given that and much more during my time at Burns. Being an intern gave me more than just insight to a wealth of entertainment careers, I felt that I was an integral part of their business. The skills I will take away from this internship will allow me to achieve greater feats in the entertainment world, and has given me the necessary tools to push myself even further as an individual."

Sara Lavery, Summer 2008
