Arts and Creativity

A to Zap, MAC CD-ROM, Grades Pre K-1

As young children explore they learn about letters, numbers, and words. Dynamic children's voices, full-color animations, number and "yummy" games, and other fun filled activities bring students into a world of sight and sound where learning is exciting.

LB 1525.65 .A76 1995

The American Girls Premiere, MAC/WIN CD-ROM, Grades 3-7

Create your own live action plays that bring your favorite characters from The American Girls Collection to life. Choose the scene, add props, cast the play, add music, lighting, and sound effects, direct the action and make the characters talk.

PN 6119.9 .A537 1998

Flying Colors 2, MAC/WIN CD-ROM, Grades 2-12

For a knock-your-socks-off creativity experience, you can't beat this powerful new draw and paint program. It has over 30 art tools, 250 colors and gradients and an absolutely amazing array of over 3100 stamps. Children's Software Review named this software an All Star Award Winner.

T 385 .F59 1997

Fun With Architecture, MAC/WIN CD-ROM, Grades K-3

Fun with Architecture provides children with a set of designs that they can put together using a mouse to make a virtual building. The shapes can be textured to look like stone, brick, or wood, and they can be rotated or made bigger or smaller. It also features a text-based introduction to architecture; chapters on different styles are linked to appropriate building templates.

NA 2555 .F8 1997

JumpStart Music, MAC/WIN CD-ROM, Grades 1-4

Children will be introduced to the exciting world of music by playing exciting arcade-style games as they learn about melody, harmony, notation, musical scales and more.

M T1 .J84 1998

Kid Pix Studio Deluxe, MAC/WIN CD-ROM, Grades K-8

This program gives kids six unique painting, drawing, and animation projects to select from. With wacky tools, 2,500 stamps, over 1,200 graphics, cool sounds, special effects and much more, kids have all the fun tools they need to explore their creativity!

NC 740 .K44 1998

Rodney's Wonder Window, MAC/WIN CD-ROM

24 interactive episodes of creative art and sounds that are fun for the whole family. From the "Probe and Poke Pet Shop" to the mating habits of the elusive "tooli bug" the fun never stops.

GV 1469.25 .R6 G7 1992

With Open Eyes, MAC/WIN CD-ROM, All Grades

Get a personalized tour of over 200 works of art from The Art Institute of Chicago's enormous collection! Spectacular full-screen pictures, accompanied by audio clips, make it possible for viewers to get close to an Egyptian mummy, a Japanese kimono, or a Picasso portrait.

N 530.W58 1995

Early Childhood

Big Thinkers Kindergarten, WIN CD-ROM, Grades Pre K-1

Ben and Becky Brightly, the twins of learning and laughter, create ways for your child to master the lessons essential to success in first grade.

LB 1169 .B5 1997

Ready For School 1st Grade, MAC/WIN CD-ROM, Grade 1

Helps children prepare for 1st grade with 18 learning activities. As they explore the forest, children will master basic skills in reading, writing, arithmetic, and more.

LB 1537 .R4 1997

Encyclopedias & Reference

American Indian Encyclopedia, MAC/WIN CD-ROM, Grades 9-12

The American Indian Multimedia Encyclopedia contains detailed information about 150 North American tribes. On-screen menus allow the user to explore a millennium of Native American culture, history, legends, and leaders. There are more than 1,000 drawings, photographs, maps, articles, and video clips of authentic songs and customs. Much of the historical text and many of the pictures are from the National Archives and serve as excellent primary source material. The articles include information on tribal locations, addresses, inter-tribal relations, contacts with settlers, relations with the U.S. government, migrations, wars, and lifestyles.

E 76.2 .A43 1996

Anderson's Electronic Atlas of Hematology an Interactive Tool for Education, Exam Preparation, and Competency Assessment, WIN CD-ROM, College

Designed to help identify and explain morphology of cells from peripheral blood and bone marrow. Contains over 900 slides, approximately 5 images per cell; 100 quiz images and multiple choice questions; 100 concept applications (case studies) with quiz questions after each case. Specific areas covered include: blood cell megakaryocyte maturation, megaloblastic and iron deficient red cell maturation, blood cell abnormalities, bone marrow cytochemistry.

QP 93 .A53 2002

New Grolier Multimedia Encyclopedia, MAC CD-ROM, Grades 4-12

This version is for Macintosh computers only. This unparalleled reference provides 33,000 scrupulously researched articles on science, world history, music, art and much more. Includes all 21 volumes of Grolier's Academic American Encyclopedia. Contains 150 video clips and animations. Special features include Multimedia maps and Knowledge Explorer Essays.

AE 5 .G77 1993

Encarta Africana Encyclopedia, WIN CD-ROM, Grades 9-12

Microsoft Encarta Africana 2000 is the definitive source on Black history and culture. Encarta- the world's #1 multimedia reference brand-and co-editors from Harvard University's African and Afro-American Studies Department have joined together to create a multimedia encyclopedia that explores the world of black history and culture in-depth, from Africa to North America, Latin America, the Caribbean and Europe providing the best user experience through technology-driven innovation.

DT 14 .M527 1993

Encyclopedia of our living oceans,

Marine resource includes articles on the history of oceanography, marine ecosystems and marine biodiversity. Uses videos, photos, text and interviews with marine specialists

G C9 .E2 1999

Mrs. Murphy's Media Center, MAC/WIN CD-ROM, Grades 2 & up

Mrs. Murphy's Media Center teaches students about the many types of materials available in a media center, how to find them, and how to use them. There are a total of 26 lessons in the program's seven sections.

Z 675.S3 M75 1996

Small Blue Planet, WIN CD-ROM, Grades 4-12

This is the real picture, interactive exploration atlas! Tour USA and world political and topographical maps. Chromosphere, a time and season map is also included.

G 1021 .S56 1993

ESL & Foreign Language

Multiple Languages

KidSpeak 10 in 1 Language Learning, MAC/WIN CD-ROM, Grades 1 & up

KidSpeak helps children identify letters and sound combinations, numbers and number sequences, and everyday vocabulary in 10 different languages; Spanish, French, German, Japanese, Chinese, Korean, Indonesian, Italian, Portuguese and Hebrew.

LB 1578 .K5 1998

English / Spanish

Arthur's Teacher Trouble, MAC/WIN CD-ROM, Grades PreK-4

Living Books storybooks create an interactive world where children can learn, listen, and explore as Arthur competes in the school-wide Spellathon. Includes Spanish translation.

PZ 7.B81618 Arr 1993

Kids! Spanish, MAC/WIN CD-ROM, Grades 1-5

Delivers interactive fun, as wacky monster pals host over 35 activities at 5 progressive levels. Students can learn over 400 Spanish words and phrases for sports, animals, food, time, colors, family members and much more, as well as letters, numbers, and everyday expressions. 5 progressive levels.

PC 4121 .K5 1998

Spanish for the Real World, MAC/WIN CD-ROM, Grades 5-12

This program allows students to use the language by listening, speaking, and reading. It also has challenging environments filled with interesting characters that allow students to practice in the "real world".

PC 4121 .S68 1998

Spanish Your Way, MAC/WIN CD-ROM, Grades 9-12

Yourway evaluates what students say and lets them hear and compare their voices with those of native speakers. Speech recognition provides feedback on pronunciation. Games and activities cover grammar essentials and teach over 2,500 words and phrases.

PC 4129 .E5 S68 1996

English / French

French Your Way, WIN CD-ROM, Grades 9-12

Your way evaluates what students say and lets them hear and compare their voices with those of native speakers. Speech cognition provides feedback on pronunciation. Games and activities cover grammar essentials and teach over 2,500 words and phrases.

PC 2066 .F73 1997

English / Spanish / Japanese

Just Grandma and Me, MAC CD-ROM, Grades Pre-K-4

Living Books storybooks create an interactive world where children can learn, listen, and explore. Story can be told in English, Spanish, or Japanese.

PZ 7 .M642 Jub 1992

English / Spanish / French

The Cat Came Back, MAC CD-ROM, Grades 1-6

Multimedia presentation about the adventures of a cat. Facilitates improvement of reading, vocabulary, language, music, creating writing, geography, and computer skills. Covers reading comprehension, basic musical notation, keyboarding practices, and word and phrase recognition and pronunciation in English, French, and Spanish. Includes graphics, music, and voice recording and playback features.

LB 1576.C33 1994

Sitting on the Farm, MAC CD-ROM, Grades 2-6

A peaceful picnic lunch turns mighty messy as different animals join a little girl. Listen, read, sing or write along with the story filled with music and interactive animation.

LB 1576.S52 1994

English / Spanish / French / German

Language Explorer, MAC CD-ROM, Grades Pre-K-12

Language Explorer uses colorful, vibrant images to teach English, French, German, and Spanish. Learn over 500 words in each language. Explore 42 topics and be challenged by five skill levels as you match pictures to their corresponding words. CD ROM version includes the spoken words in all four languages.

P 371 .L2 1993 & P 371 .L2 1994

Language Arts

Big Anthony's Mixed-Up Magic, MAC/WIN CD-ROM, Grades K-4

Delights young learners who try to help Big Anthony assist Strega Nona in Tomie dePaola's interactive multimedia classic.

PZ 8.1 .D43 S77 1996

Canterbury Tales, MAC/WIN CD-ROM, Grades 9-12

Features include modern, Middle English, and facsimile texts of the entire frame story, complete with character descriptions and a guide to Middle English pronunciation; interviews with Dr. Christiania Whitehead and Dr. Peter Mack, Chaucerian scholars; video clips of key scenes; modern and classical literary criticism; teacher notes that include activities and assignments; and text search and print functions

PR 1866.C4 C36 1999

The Cat in the Hat, MAC/WIN CD-ROM, Grades Pre K-3

Interactive version of the Dr. Seuss book in which an unusual cat enlivens a rainy day for a couple of children. The user can have the book read aloud, or click on objects on the monitor and play games.

LB 1576 .C34 1997

Curious George Learns to Spell, MAC/WIN CD-ROM, Grades 1-2

Help Curious George catch Lola the parrot and track down famous author Wanda Jewel's lost books. Along the way, spell lots of words and help George write newspaper articles about your adventures. Includes reading practice with audio support.

LB 1526 .C85 1998

Curious George Reading and Phonics, MAC/WIN CD-ROM, Grades 2-4

Kids learn to read with phonics, as they play games, build vocabulary, and interact with Curious George

LB 1573.3 .C85 2002

Grammar for the Real World, MAC/WIN CD-ROM, Grades 4-up

Grammar skills include subject-verb agreements, punctuation and capitalization, sentence fragments and structures, plurals and possessives, parts of speech - nouns, verbs, adjectives, adverbs and more. Writing skills include: creative writing, proofreading and editing, sequencing, writing for an audience, spelling and more.

LB 1576.7 .G73 1998

Knowledge Munchers Deluxe, MAC/WIN CD-ROM, Grades 3-12

Trivia questions in 6 categories and several levels of difficulty, with animation and sound effects.

GV 1469.25.K58 K58 1997

Leap Into Phonics, MAC/WIN CD-ROM, Grades Pre K-1

A group of progressive activities designed to teach phonics skills to children.

LB 1525.3 .L4 1997

Let's Go Read 2: An Ocean Adventure, MAC/WIN CD-ROM, Grades K-2

Explores how letters combine to form words, and how words combine to express meaning.

LB 1139.5.R43 L47 1998

New Kid on the Block, MAC/WIN CD-ROM, Grades K-4

This interactive poetry book allows students to click on various words or lines of text and watch while animated cartoons act out the selections. Focuses attention on words and their meanings, helping students understand rhyming and the richness of the language. (English only.)

PS 3566.R36 N42 1995

Paradise Lost, MAC/WIN CD-ROM, Grades 9-12

Includes excerpts from the Book of Genesis that parallel the text, analysis of key figures, video interviews with top Milton scholars, commentary by period poets and writers, biography of Milton, timeline of 17th century events, teachers notes with suggested class activities, art gallery of works on Creation themes, bibliography, internet connection.

PR 3565 .P35 1998

Phonics And Reading Excelerator, WIN CD-ROM, Grades 1-4

LB 1573 .P46 2003

Reader Rabbit's Complete Learn to Read System, MAC/WIN CD-ROM, Grades K-3

Reader Rabbit uses a step-by-step approach to learning letters, sounds, reading words and reading sentences, kids can interact in the exciting reading adventure in two different ways. Kids can play in a challenging quest to bring all the words back to the 26 individual Letter Lands of Wordville with Reader Rabbit, Mat the Mouse and four happy hamsters or they can select individual activities, books and songs.

LB 1050.43 .R4 1999

Read, Write & Type, MAC/WIN CD-ROM, Grades 1-2

Children learn the sounds of each letter and where each letter "lives" on the keyboard. They apply their newfound phonics and typing skills, combining letter sounds to make words, sentences and stories.

LB 1573.R275 1996

Smart Start English, WIN CD-ROM, Grades 7-12

Learn to speak English using speech recognition, record/playback, conversations, with more than 30 activities.

PE 1128.3 .S6 1998

Stanley's Sticker Stories, MAC/WIN CD-ROM, Grades PreK-2

Students strengthen reading and writing skills, improve spelling and build creativity as they create their own animated storybooks featuring Edmark pals, Millie, Bailey, Sammy and Trudy. Using character, letter, number and object stickers, familiar background scenes, colorful graphics, spoken assistance and story ideas, students can create their own multimedia stories, alphabet and number books, signs, letters and more.

LB 1528.S7 1996

Story Book Weaver Deluxe 2, MAC/WIN CD-ROM, Grades 1-6

An open-ended writing tool designed to actively engage students in the writing process. Students can author and illustrate their own stories in English or Spanish using a simple word processor and a variety of graphic and sound features. Choosing from a variety of foreground and background colors, scenes, and sound effects, students can construct a variety of settings and illustrations with the ability to manipulate the size, color and orientation of the objects. Includes text-to-speech feature to hear the story read aloud.

LB 1576 .S7997 1996

Tenth Planet explores Literacy Word Building: Letter Sounds,

MAC/WIN CD-ROM, Grades K-5

Student further their understanding of the structure of English words by exploring the role of vowels in words.

LB 1573.3 .T44 1998

Word Tales, MAC CD-ROM, Grades K-3

Teaches word recognition and initial letter sounds in a reward-filled discovery environment. A friendly character called Milo leads boys and girls on several fun and educational adventures.

LB 1525.55 .W65 1993

Writer's Workshop, MAC/WIN CD-ROM, Grades 6-9

A multimedia instructional system for process-based composition.

LB 1576 .W732 1999

Math

Cruncher, MAC 3.5 inch disks, Grades 5-12

It computes, it graphs, it talks, it teaches math and it's fun. The Cruncher puts you in command of a powerful information-age tool ready to help you solve problems and apply math concepts. This easy-to-use program combines a full-featured spreadsheet with simple step-by-step tutorials to get you started quickly. Real-world projects are also included to illustrate how you can use spreadsheets to solve everyday problems. So stop merely calculating numbers and start crunching them!

QA 76.9 .C62 C75 1993

James Discovers Math, WIN/MAC CD-ROM, Grades K-2

In this introduction to math for early learners, there are 10 lively activity areas within young James' Kitchen, each leading to a different math. Challenge game in which students learn basic concepts as they play. Children learn basic concepts such as counting, number recognition, time telling, computation, measurement and estimation. A click on the items within the kitchen opens up each game.

QA 135.5 .J33 1995

Math Advantage 2005, WIN CD-ROM, Grades 6-12

Interactive tutors for both middle and high school students. Uses graphics, animations, videos and games to teach ten core math subjects. Disc 10: Bonus disc: Title on label: Excel 2003. Title on setup screen: How to use Excel 2003.

QA 11 .M2 2004

Math Blaster: In Search of Spot, WIN 3.5 inch disks, Grades 1-6

Children will build and improve mental math and problem-solving skills as they tackle everything from addition, Subtraction, multiplication and division, to number patterns, estimation, fractions, decimals and percents. Over 500,000 different problems.

QA 135.5 .M3684 1993

Math for the Real World, MAC/WIN CD-ROM, Grades 3-up

Includes over 4,000 word problems covering real-world math. topics in nine key subject areas. Math for the Real World students will learn in a drumbeat how mastering real-world math leads to real-life success.

QA 135.5 .M3686 1997

Math, Grade 3,

QA 135.5 .M362 2003

Math Missions the Race to Spectacle City Arcade, MAC/WIN CD-ROM, Grades K-5

Build addition, subtraction, geometry, and problem-solving skills while constructing a skyscraper, sorting toys at a toy store, counting types of candy at an outdoor market, and more. Earn money for each correct answer and use it to play games in the arcade.

QA 115 .M363 2003

Mighty Math Cosmic Geometry, MAC/WIN CD-ROM, Grades 7-10

Teaches geometry concepts and problem-solving skills for 7th, 8th & 9th grade math success.

QA 462 .M5 1996

Mighty Math Number Heroes, MAC/WIN CD-ROM, Grades 3-6

Students enter a math metropolis where an exciting series of four innovative activities promote investigation, experimentation and the power of thinking. Fraction Man, Star Brilliant, GeoBot and Handsome Chance help students explore fractions, 2D geometry, probability, shape and number patterns, addition, subtraction, multiplication, division and decimals.

QA 135.5 .M533 1996

Millie's Math House, MAC 3.5 inch disks, Pre-K-1

Children love learning about numbers, patterns, sizes and shapes. Six interactive activities bring math concepts to life with animated characters, colorful graphics and spirited music.

QA 135.5 .M54 1992

Money Challenge, MAC/WIN CD-ROM, Grades K-3

Twenty-four skill levels include counting pennies, nickels, dimes, quarters, half dollars, and dollar bills for purchases and figuring change. Teachers choose skill levels and can monitor student's progress within the Manager.

HG 221.5 .M64 1997

Multiplication, division, MAC/WIN CD-ROM, Grades 3-4

QA 115 .M55 2002

Trudy's Time & Place House, MAC/WIN 95 CD-ROM, Grades PreK-2

Students learn time-telling skills with talking clocks. They'll also explore the concept of time as they fast-forward and rewind an animated movie by seconds, minutes, hours, days, and months. They will discover the relationship between the earth, globe an atlas, identify continents and oceans, and develop mapping and direction skills.

LB 1531.T8 1995

Nursing

Delmar's basic care nursing skills, WIN CD-ROM

Covers over 50 basic nursing skills, is a full-color interactive product following the five-step nursing process. It is developed in clear, concise, easy-to-follow format to help promote competence in fundamental nursing skills. Some of the skills covered include mobility, hygiene, basic assessment, heat/cold, urinary catheter, specimens, orthopedic, and many least invasive procedures

RT 51 .D4322 2000

Delmar's critical care/surgical care nursing skills, WIN CD-ROM

Over 50 critical care/surgical care nursing skills are contained on this CD-ROM including blood administration, advanced respiratory, tubes, ventilation, central lines, pre/postoperative care, dressings and wound care

RT 51 .D4323 2000

Delmar's intermediate nursing skills, WIN CD-ROM

Covers over 50 critical advanced nursing skills, this is a full-color interactive product following the five-step nursing process. It is developed in clear, concise, easy-to-follow format to help promote competence in fundamental nursing skills. Some of the skills covered include medication administration, GI tubes, bowel and colostomy techniques, respiratory care oxygen, IV care administration, and some of the more invasive procedures

RT 51 .D4324 2000

Delmar's special procedures nursing skills, WIN CD-ROM

This CD-ROM covers critical nursing skills with a focus on special populations including assisting with medical procedures, orthopedic care, advanced assessment, inserting tubes and lines, emergency/safety procedures and restraints

RT 51 .D4325 2000

Physical Education and Anatomy

ADAM Inside Story 97, MAC CD-ROM, Grades Elementary

Combines precise anatomical imagery, animation, and sound with a comprehensive database of biological information. Students will explore 12 major systems of the human body as they descend into 97 medically accurate dissected layers featured in this visually stunning program.

EMC QM26.A3 1996

Human Body Collection, MAC/WIN CD-ROM, Grades 4-9

A fascinating introduction to human physiology, which includes three CD-ROMS and other educational materials.

QM 27 .H85 1999

Interactive Atlas of Human Anatomy, WIN 3.1 CD-ROM, Grades 4 & up

Designed for students and instructors, this interactive program has these educational features-- search for plates of body region, organ system, key word; create personal study guides; use built-in tests or create custom exams; magnify details; print out plates for use in patient education.

QM 25.N473 1995

The Ultimate Human Body 2.0, MAC CD-ROM, Grades 3-up

The highly complex human body has been broken down layer by layer and organ by organ to allow for easy examination using the unique "3D Body Scanner", which allows you to zoom in and out of the various systems of the body.

QP 38.U47 1996

Problem Solving Skills

Carmen Sandiego Curriculum Library, MAC/WIN CD-ROM, Grades 5-8

Enhance your curriculum in three different areas: History, Language Arts and Math. Includes Where in Time is Carmen Sandiego, Carmen Sandiego-Math Detective, and Carmen Sandiego-Word Detective.

GV 1469.22 .C35 1998

Clifford the big red dog thinking adventures, MAC/WIN CD-ROM

Travel through Clifford and Emily Elizabeth's neighborhood helping them finish various errands before Clifford's big birthday party. Games cover problem solving, logic, reasoning and creativity

LB 1029.G3 C55 2000

Clue Finder's 3rd Grade Adventures, MAC/WIN CD-ROM, Grades 2-4

Computer adventure game designed to develop thinking and problem solving skills. The ClueFinders have stumbled onto a mystery. Jungle animals are disappearing. And now the famous scientist Dr. Pythagoras has vanished. Is an ancient monster responsible for this? Use your 3rd grade math, English, science, and geography skills to solve the mystery.

GV 1469.22 .T48 1997

Harmony Tree, MAC/WIN CD-ROM, Grades

A good aid in teaching children conflict management, problem solving skills and good social skills.

HQ 783 .H35 2000

Jump Start Adventure: 6th Grade Mission Earth Quest,

MAC/WIN CD-ROM, Grade 6

Help adventurous teens Zack and Jess save the planet from crazy computer mayhem.

GV 1469.22 .J83 1998

Lost Mind of Dr. Brain, MAC/WIN CD-ROM, Grades 5-up

Students are asked to solve hundreds of complex, interactive puzzles in order to save Dr. Brain. As the students solve the puzzles, they learn to develop different intelligences and improve their knowledge of language, music, art, physics, chemistry and more.

GV 1469.25 .D6 L6 1995

Science

BioLab Frog, MAC/WIN CD-ROM, Grades 6-12

This award-winning "real-life" dissection simulation allows students to explore the frog's external mouth, digestive, circulatory, reproductive, and skeletal systems. Up-close graphics and colorful animations illustrate functions that are normally hard to view.

QL 668.E27 B5 1997

BodyFluids tutor, WIN CD-ROM

Computer program that systematically teaches and tests the gross and microscopic examination of various body fluids. These include synovial fluid, cerebrospinal fluid, amniotic fluid, seminal fluid, and serous fluids

RB 52 .B6 2000

Butterflies, bugs, and other beasties, Grades 3-5

Lucy Ladybird visits the garden with you to collect insects, then use what you have collected to play a variety of mini-games.

QL 463 .B468 2002

The case of the missing monarchs,

This browser based software demonstrates how butterfly populations are studied and collected

QL 561.D3 C37 2001

The Cell, MAC/WIN CD-ROM, Grades 4-9

Presents the parts of a cell, their functions, and differences. Also explains how single-celled organisms survive and can create diseases.

QH 581.2 .C435 1997

Chemicus journey to the other side, MAC/WIN CD-ROM

In the mysterious city of Chemicus, sacred power and scientific knowledge from the beginning of time are guarded. It's up to you to solve the riddles, gain knowledge and use your intelligence to unlock the secrets of this city of science

QD 33 .C7 2002

The Digital Fieldtrip to the Rainforest, MAC/WIN CD-ROM, Grades Pre K-12

Explore the Blue Creek Rainforest Reserve in Belize, Central America, where you can walk in the jungle, climb the trees, explore a cave and wonder at the incredible biodiversity. Learn about rainforest plants and animals, their interdependencies and the threat to their survival.

QH 541.5.R27 D54 1998

Earth's Endangered Environments, MAC/WIN CD-ROM, Grades 4-9

Containing two movies "Rain Forests" and "Wetlands" this CD brings to life the beauties of two of the world's most valuable ecosystems-- and the problems confronting them.

QH 541.2 .E16 1994

Human Body, WIN CD-ROM

QM 27 .H85 1999

The Human Genome Project: Exploring our Molecular Selves,

WIN CD-ROM, Grades 9-12

This multimedia CD-ROM provides high school students and the interested public with information on the Human Genome Project. It includes a dynamic timeline, a quick search feature, and learning activities.

QH 447 .H86 2000

Inside the cell, MAC/WIN CD-ROM

Explains what a cell is, gives history of the discovery of cells and cell theory, describes the categories of cells and the parts of a typical eukaryotic animal cell, and tells about cell specialization and organization

QH 631 .I5 1999

Neurons in action computer simulations with NeuroLab, MAC/WIN CD-ROM

"The purpose of Neurons in Action is to provide students with tools with which they can appreciate the complexity of the functioning of a single neuron"--Preface

QP 355.2 .M66 2001

Redshift 3, MAC/WIN CD-ROM, Grades 6 & up

Redshift 3 contains over 700 astro-photographs, simulations of planetary movement star fields, and more, and 250,000 stars, asteroids and other sky objects. Features also include realistic sky simulations, full-screen virtual reality 3D simulations of planetary orbits and star fields, an interactive Sky Diary, and enhanced movie making features.

QB 43.3 .R4 1998

Sammy's Science House, MAC/WIN 95 CD-ROM, Grades PreK-2

Introduces children to the world of science by encouraging their curiosity and helping them see and enjoy science in their daily lives. Five fascinating activities develop important skills and thought processes for scientific learning.

LB 1532.S33 1995

Sniffy the Virtual Rat MAC/WIN CD-ROM, Grades 6-12

"Simulate a wide range of learning phenomena that are typically discussed psychology of learning courses. Explore all facets of operant and classical conditioning by training Sniffy using virtual food as reinforcement. The simple user interface enables you to set up events in Sniffy's operant chamber (skinny box) in much the same way research psychologist set up events for real animals"--Lab manual cover.

BF 319.5.O6.A44 2005

Solar System, MAC/WIN CD-ROM, Grades 4-9

Includes 2 presentations: Sun, earth, and moon; and the planets.

QB 501 .S63 1998

Study Works for Science 2.0, WIN CD-ROM, Grades 9-12

StudyWorks for Science 2.0 is an educational CD-ROM that covers biology, chemistry, earth science, physics, and statistics. The disc uses examples and sample problems to impart its lessons. It also includes an onscreen graphing calculator, tips for the SATII college-preparation test, unit conversions, and a glossary of scientific concepts and terms.

Q 181 .S79 1998

Super Solvers Gizmos and Gadgets, IBM 3.5 inch disks, Grades 2-6

Over 200 puzzles and simulations help students understand physical science concepts such as magnetism, electricity, force, gravity and friction. Automatically adjusts to child's skill level.

Q 181 .S9 1993

Thinkin' Science, MAC/WIN CD-ROM, Grades K-2

Children conduct scientific experiments and solve exciting science challenges. Covers many of the major earth, life, and physical science topics in the first and second grade curriculums.

LB 1585 .T46 1997

The Way Things Work 2.0, MAC/WIN CD-ROM, Grades 2-up

For this new version, several additional features have been included, such as video segments of David Maccaulay, as well as an on-line link to unique "mammoth.net" featuring the Mammoth Inventor's Club!

T 47 .M182 1996

Social Studies

Amazon Trail 3rd Edition: Rainforest Adventures,

MAC/WIN CD-ROM, Grades 9-12

Users begin the 4,000 mile journey near the mouth of the Amazon at Belem and journey to Vilcabamba near the river's source. Players choose which guide and what supplies they want and travel by canoe to their destination. Along the way, users will need to fish and hunt. They also meet conquistadors from the 16th century, naturalists from the 19th century and businessmen from the 20th century.

F 2546 .A452 1998
