

Lifelong Learner Scholarship for Academic Excellence

Application

Nontraditional student Kathy Devereaux established this scholarship during her final semester at UW Oshkosh in the College of Education and Human Services. Kathy received a Bachelor of Science degree in 1984 from Cornell University and returned to school in 2003 to pursue a dual degree in education. The scholarship is intended to recognize the accomplishments of returning students who may or may not have had a successful experience at another school, but have excelled in college as an older student.

The unique challenges of nontraditional students, whether it be family commitments, the balancing of work and school, or the sacrifice of funds while returning to college are factors which make the achievement of high grades even more difficult. Kathy believes that education is a gift, especially as a returning student. The scholarship is in recognition of the accomplishments achieved at the University of Wisconsin Oshkosh and is open to students in all areas of study.

Criteria:

1. Applicants must be part-time or full-time undergraduate students at the University Wisconsin Oshkosh, pursuing a degree in any area of study. Graduating seniors are eligible to apply.
2. Applicants must have been enrolled at another college or university for a minimum of two semesters (regardless of whether or not a degree was completed) prior to enrolling at UW Oshkosh.
3. Applicants must have completed three or more semesters (of six or more credits each) at UW Oshkosh.
4. Preference will be given to students with a history of volunteer/community service.
5. Applicants must have earned a GPA of 3.6 or more during enrollment at UW Oshkosh.
6. Applicants will be asked to submit an essay describing their motivation in changing post-secondary schools.
7. Financial need will not be considered

The Award:

1. The scholarship will be given as a cash award.
2. The value and/or number of scholarship awards will be determined annually by the selection committee with the UW Oshkosh Foundation and will be based upon income available for this purpose.
