

# ePortfolios in USP at UW Oshkosh

## Big Idea

Each USP Course  
Assignment + Reflection

Each course has chosen  
an assignment and a  
reflective exercise.

You upload this to your  
ePortfolio independently  
of submitting that work to  
the course.

D2L ePortfolio is a private  
file store that instructors  
can not see.

As part of the Connect  
course (usually in your  
4th or 5th semester), you  
reflect on all the work  
you have collected to  
begin to draw together  
your understanding of the  
signature questions.

For more information  
see the USP website.  
<http://www.uwosh.edu/usp>
