A STUDENT’S GUIDE TO THE UNIVERSITY STUDIES PROGRAM (USP)

The University requires a minimum of 41 credits in USP approved coursework

The Foundation of Your Education at UW Oshkosh

Students in all majors complete the USP. Since these courses will help to prepare you for advanced study at the university as well as life after graduation we encourage you to choose courses that satisfy or enhance major or degree requirements.

As you EXPLORE, you have choices. You will select courses in three categories: Nature (XM)/(XL), Culture (XC), and Society (XS) and encounter three intense and distinct “EXPLORE” courses called “QUEST.” In the “QUEST” series students investigate three Signature Questions. The USP is completed through an advanced writing course that will “CONNECT” the Signature Questions.

SIGNATURE QUESTIONS

You will take one QUEST course focusing on each of the following UW Oshkosh Signature Questions:

1. Sustainability: How do people understand and create a more sustainable world?
2. Civic Learning: How do people understand and engage in community life?
3. Intercultural Knowledge*: How do people understand and bridge cultural differences?

*These courses also satisfy one of the following requirements: Ethnic Studies (ES) or Non-Western Culture (NW)

NOTE: Courses in the QUEST series satisfy credit requirements in the EXPLORE category below

**COLLEGE OF LETTERS AND SCIENCE**  
(BS) Bachelor of Science Degree Requirements

This planning guide is designed to help you understand your degree requirements for the Bachelor of Science degree. It is your responsibility to understand these requirements.

For an official statement of your individual progress to degree and for additional University requirements please use Titan Web to access your STAR (degree audit). Always select “Request new STAR” when printing your STAR. For assistance in understanding your STAR please contact the Undergraduate Advising Resource Center (424-1268) or the PAL office in Scott Hall.

The following are additional and/or specific requirements for the Bachelor of Science degree that might not be met by completion of the University Studies Program. Refer to your STAR for a complete list of eligible courses for each category.

### Communication 111 – required for all BS Students

**Mathematics:** (includes course from the Nature (XM) category in USP). Remedial Math may be required.
