Total Transfer Credits: _____

Total upper-level (300-400 level) **Credits** (min. 35 required): _____

Total Credits (min. 120 required): _____

Transfer credits: Credits earned at other accredited colleges and universities are evaluated on the basis of official transcripts submitted as part of the admissions credentials. Course equivalencies are posted to the student's permanent academic record. Keep in mind that posted transfer courses may not meet specific major and degree requirements at UW Oshkosh. The professional college or the department housing the intended UW Oshkosh major determines how courses accepted in transfer apply to the degree and program requirements.

Students who have completed an associate degree at a University of Wisconsin two-year UW College may transfer to UW Oshkosh and receive credit for having met some of the General Education requirements. For more information, go to www.admissions.uwosh.edu/transfers.

Grades for courses transferred to UW Oshkosh are not used in calculating the student's official UW Oshkosh grade point average. However, transfer course grades do appear on the transcript and may be used by the professional colleges and departments in determining admissibility into specific programs and majors.

In general, credits earned at **non-accredited** institutions do not transfer or apply toward program or degree requirements at UW Oshkosh. However, the student may appeal this on a course-by-course basis to the department housing the intended major.
