Come to study with us

The Fachhochschule Frankfurt – University of Applied Sciences is committed both to scientifically based education and a strong real world approach to teaching and research. The four faculties offer 50 innovative courses of study on bachelor and master level in architecture, engineering, business and law as well as in health and social work. A network of cooperation with more than 100 partner institutions worldwide has influence on curricular developments to match the needs of international students.

This leaflet provides the up to date list of English taught courses in the undergraduate programs. With a student body of 10.500 and a central location in the heart of the city of Frankfurt you can enjoy an international campus atmosphere and comprehensive student support services while internationalizing your academic education.

Detailed module descriptions can be found at: www.fhfrankfurt.de/en/study_opportunities/courses_in_english.html

Academic Calendar
The Academic Year is divided into a winter semester and a summer semester.

Winter semester: start of lectures in early October, end of lectures and exams by mid February

Summer semester: start of lectures mid March, end of lectures and exams by mid July

However ...
Studying in an English taught program in Frankfurt is fine. But it seems to be advisable to take some German for out-of-classroom-situations. We offer German courses in various forms and on different levels. Please have a look at: www.fh-frankfurt.de/en/study_opportunities/language_center.html.

Got curious?
Do not hesitate to file your application. Get detailed information at: www.fh-frankfurt.de/en/international.html.

We are looking forward to welcoming you on campus in Frankfurt.

Faculty of Architecture • Civil Engineering • Geomatics

- **Architecture (BA)**
