BUSINESS / ECONOMICS IN FRANKFURT

Frankfurt is the major international financial and logistic hub of Germany and the seat of the European Central Bank, the German Federal Bank and the Frankfurt Trade Fair.

But the city has much more to offer than just currency flow and high-rise buildings. There are plenty of green spaces in parks and along the banks of the river Main for sports and leisure time. Experience exciting festivals throughout the year and meet students and citizens from all over the world.

“As cliché as it sounds, studying abroad is one of the most stellar experiences of my life. I have grown so much as person due to my interactions with people from different cultures and different life perspectives.”
