BIOTECHNOLOGY AND LAW IN GIESEN

Giessen boasts the highest student density of all German towns and cities – a fact reflected in its artistic and cultural life. Its picturesque location in the Lahn valley with traditional beer gardens along the river provide for excellent leisure-time value.

The Hessen-Wisconsin Exchange is your gateway to this vibrant city – with a lively student atmosphere, numerous bars, restaurants and nightlife venues, as well as castles and monasteries from the middle ages close by.

“Studying abroad allows students to step outside of their own cultural norms and experience life from a completely different point of view. Risk stepping outside your boundaries to open your horizons to endless possibilities.”

- Daniel
  (UW-Parkside, Business and Finance Major)
