

ACCOMMODATION WITH A SPANISH HOST FAMILY
Cursos Internacionales / Universidad de Salamanca

The help to find accommodation of students in Spanish families is a free service offered by Cursos Internacionales of the University of Salamanca to the students registered in its language courses, therefore we decline any responsibility concerning problems that might arise between students and their host families.

In 200__ students should pay directly to the host families the following amounts (fill these in):

- _____ Euros per day in their families for a shared room (two persons).
- _____ Euros per day in their families for a single room (one person).

This price includes the cost of the room, breakfast lunch and dinner. Washing and ironing are not included in this price. If students choose to have these services, they should pay a supplement of ____ Euros per week.

We strongly recommend that students should pay on a weekly basis in advance. Students can not be obliged to pay the whole month in advance. However, both the Host Family and the student may agree upon another form of. In the case that students belong to an organized group, this payment is generally taken care of by the group director.

If you are away from your Host Family for more than 3 days (an excursion, etc.), you will only have to pay 7 Euros for each day to cover the costs of the reservation of the accommodation. Remember that you are required to inform your Host Family in advance

If you go on an excursion and you so wish, you will be provided with a lunch package by the family. You are also required to inform your family at least one day in advance.

Cursos Internacionales will give preference to those families hosting a maximum of 2 students per month and who foster the integration of students into their family life. The results of the questionnaires filled in by each student at the end of each course will also be evaluated in this sense. In this questionnaire, students will be asked to give explicit information as to the number of students that have stayed in the family and to evaluate the hospitality of their Host Family (meals, hygiene, schedule, integration in family life).

Students should not leave their Host families without due cause. In the event that the student leaves, the Host Family will not be obliged to return the money corresponding to the days remaining to complete the week and neither shall *Cursos Internacionales* be obliged to find other accommodation for students in this situation.

With respect to hours, visits, use of the house key, etc., each Host Family will establish its own customs. The Host Family may attempt to accommodate the customs of the students to a certain extent, but this in no way means that the Host Family must alter its own life style or house rules. Students should remember that since they are living abroad they are expected to follow the customs of the country and family accommodating them. It should be noted that in no case is the Host Family obliged to admit guests to spend the night with the students it is accommodating.

If any problems should arise, the student should contact *Cursos Internacionales* of the University of Salamanca. Our telephone number is 923.29 44 18.

I understand that the information above was provided by Cursos Internacionales. I understand that because I am studying in Salamanca on my own, I am responsible for making all host family payments directly to my host family. I agree to take responsibility for making all host family payments on my own in a timely manner.
