GOVERNING IDEAS FOR THE UNIVERSITY OF WISCONSIN OSHKOSH

SELECT MISSION OF THE UNIVERSITY OF WISCONSIN OSHKOSH

In addition to the system and core missions, UW Oshkosh has the following select mission:

Ours is a comprehensive public university with unique ties to both urban and rural environments. We have a tradition of strong programs in the arts and sciences and in select professional career fields. Our faculty and staff are united in believing that the fundamental purpose of a university education is to develop thinking men and women capable of independent growth and adaptation in all roles of life. Accordingly, our select mission as a university is:

- a. To acquire, preserve, and disseminate knowledge.
- b. To provide undergraduate course-work designed to develop learning proficiencies and to cultivate the values and perspectives of educated citizens--in particular, respect for human dignity and cultural diversity, commitment to personal excellence, and the habit of taking thought.
- c. To challenge students to develop their talents, intellectual interests, and creative abilities; to promote an appreciation for both continuity and change; to provide the impetus for a lifelong commitment to, and enthusiasm for, learning; and to prepare persons for critical evaluation and decision making.
- d. To expect scholarly activity, including research, scholarship, and creative endeavor that supports its programs at the associate and baccalaureate degree level, its selected graduate programs, and its special mission.
- e. To provide a broad range of undergraduate degree programs in the arts and sciences, business administration, education, and nursing.
- f. To offer an array of master's and specialist level graduate programs which grow clearly from areas of undergraduate strength and meet the emerging needs of the regions which we serve.
- g. To develop and offer programs and services responding to the needs of the people, institutions, and communities which we serve.

SIX SETS OF CORE VALUES

The University of Wisconsin Oshkosh community values:

- **Knowledge and Continuous Learning.** We believe that the pursuit of knowledge, understanding, meaning, and personal development should be encouraged across all stages of life.
- **Diversity and Inclusivity.** We believe that a university community connects the perspectives and backgrounds of diverse social and academic groups of people. To meet this aim, a university community must be inclusive in its composition and support a civil atmosphere and a tolerant environment for learning.
- **Quality and Achievement.** We believe that the university should provide a wide range of high-quality educational and scholarly opportunities that stimulate activity and recognize achievement by students, faculty, and staff.
- **Freedom and Responsibility.** We believe that members of a university community must be free to pursue academic, artistic, and research agendas that are essential to the University Mission, while contributing to an open and collegial environment that promotes reasoned inquiry, intellectual honesty, scholarly competence, and the pursuit of new knowledge.
- **Engagement and Support.** We believe the vitality of ideas is supported by mutually reinforcing relationships that involve students, faculty, staff, administrators, and the broader community. The student-faculty relationship is the most central relationship in the university. This spirit of engagement must also extend beyond the borders of our campus as we seek to stimulate, serve, and shape our society.
- **Social Awareness and Responsiveness.** We believe that educators and students should explore and engage the challenges that confront regional, national, and global communities, using their intellectual and creative capabilities to understand, investigate, and solve problems. Social awareness will allow us to respond to domestic and international needs for equitable and sustainable societies.
