

The 1st Annual Boyceville Science Olympiad Invitational Division B

Middle School Science Olympiad teams are invited to the First Annual Division B Science Olympiad Boyceville Invitational, scheduled in conjunction with the Third Annual Division B tournament on Saturday, December 19th, 2009 at Boyceville High School:

**Boyceville High School
1003 Tiffany Street
Boyceville, WI 54725**

It is anticipated that all 23 middle school events will be offered at this tournament, as long as there is enough team interest. Many of the events will be run in conjunction with the high school tournament, and coaches will be asked to supervise one event for every team that they bring to the tournament.

Individual medals will be awarded to the top performers in every event, with the total number of medals dependent on total team participation. Team trophies will also be awarded to the top performing teams. Awards will also be given to the top performing small schools if enough small schools participate. In addition, a spirit award will be given to the Division B team, as well as the Division C team, that displays the best positive attitude, as voted on by the event supervisors.

The cost for participating in the tournament is **\$50 per team**, which will be used to help offset the cost of awards. If this cost is a hardship for any team, they are asked to contact the Boyceville Science Olympiad. Interested teams are asked to complete and return the attached registration form, including a check made out to **Boyceville High School Science Olympiad** by the registration deadline of **Friday, December 4, 2009**. Any interested teams that register after the deadline are subject to a late fee of \$25. Boyceville Science Olympiad reserves the right to restrict the total number of teams based on available space; admission will be on a first-come, first-serve basis.

Schools are encouraged to bring their high school and middle school teams to the invitational together to provide all students with a strong competitive opportunity.

Teams with questions are asked to contact Andy Hamm, Boyceville HS Science Olympiad Coach, at andyha@boyceville.k12.wi.us or via telephone at (715) 643-4321.
