On Feb. 17, psychiatrist Thomas Tatlock will share his personal and professional perspectives on traumatic brain injury (TBI) with the campus and community at 4 p.m. in Room 109 of Halsey Science Center, 921 Elmwood Ave.

An adviser to the Mayo Clinic and the State of Wisconsin, Tatlock holds a graduate certificate in special education and brain injury from George Washington University.

The event, sponsored by the PreHealth Professionals of Oshkosh and the College of Letters and Science's neuroscience minor, is free and open to the public.

Dana Vaughan, biology and microbiology, submitted this announcement. Faculty, staff and students are encouraged to contribute calendar items, campus announcements and other good news to UW Oshkosh Today.
