

IB Students

If you are currently enrolled in an on-going IB (International Baccalaureate) course in English, math or foreign language, you should complete the placement tests since the late arrival of IB transcripts (end of June or later) prevents the posting of IB involvement on student records prior to your Titan Takeoff day (orientation and registration).

Already completed a higher-level (HL) course in English Language, math or foreign language prior to senior year? If you have taken a higher-level IB course in these subject areas **prior to your senior year** and received a 4 or better, you do not need to take the placement test in that subject.

Still need to send us your transcript? If you have not yet sent us your IB transcript, please visit www.ibo.org for further information.

For a complete IB credit chart, please visit:
