

Wisconsin Technical College System and University of Wisconsin System
PROGRAM-TO-PROGRAM ARTICULATION AGREEMENT TEMPLATE

**University of Wisconsin (UW) Oshkosh
Moraine Park Technical College**

UW Degree Type: Associate of Arts and Science

WTCS Degree Type: Associate of Arts

Effective Date: January 1, 2024

Next Review Date: (June 1, 2024)

New Agreement

Revised Agreement

Agreement Description and Rationale:

This articulation agreement is being established in order to expand educational opportunities for students enrolled in the Associate of Arts and Science (AAS) degree program at the Fond du Lac campus of the University of Wisconsin Oshkosh (UWO). In-person instruction on the Fond du Lac campus will cease in June 2025. This agreement will give students working toward the AAS degree an additional opportunity to continue their education and earn an associate degree. Students from the Fond du Lac campus can transfer their earned credits into the Associate of Arts (AA) degree program as specified in Appendix A.

This articulation agreement is entered into with the understanding that both parties shall remain properly accredited with their respective accrediting bodies with:

- UW Oshkosh: The Higher Learning Commission
- Moraine Park Technical College: The Higher Learning Commission

Articulation Transfer Agreement Terms:

The terms of this agreement apply to UW Oshkosh students with credit toward the AAS degree earned at the Fond du Lac campus. The agreement allows these students to transfer their AAS earned credits toward the completion of the AA degree at Moraine Park Technical College (MPTC).

Appendix A contains a transfer course/credit articulation table illustrating the degree requirements for the AA degree at Moraine Park Technical College; the transfer equivalencies between the two institutions; and the requirements that students must complete at MPTC to earn the AA degree.

In order to complete the AA degree, students must meet all the degree requirements set forth by MPTC, with the exception of the 25% residency requirement. MPTC will waive the residency requirement for students who have completed over 75% of the AA degree requirements upon entry to the AA degree program. This waiver will be offered only for students with credits toward the degree earned at the UWO Fond du Lac campus. To be eligible for the waiver, students must complete their degree requirements for the MPTC AA degree no later than the Spring 2025 semester.
