Next steps: Setting the stage,... and the thermostat

- **Why?**
 - Low-occupancy time of year, as it has been for years.
 - An opportunity to advance successful strategies to curtail energy consumption and retain savings.
 - Further UWO on its path to carbon-neutrality, per UWO2030.
 - We are truly living our values.

Remote work flexibility and planning

- There are no orders to vacate campuses.
- Yes, faculty and staff can continue work in buildings; just might be chillier depending where you are.
- Supervisors should connect with reports and develop in-person vs. remote work plans, respective of the needs of offices to serve students, staff and customers.
- IT is always here to help with any equipment, VPN, other details.

Operation: Conservation - Two phases
