

LETTER OF PROGRAM MEMORANDUM FOR PE 224  
UNIVERSITY OF WISCONSIN OSHKOSH  
DEPARTMENT OF Human Kinetics and Health Education

This memorandum details the agreement between the University of Wisconsin Oshkosh Department of Human Kinetics and Health Education and sites where candidates are enrolled in the class PE 224.

The Department of Human Kinetics and Health Education will expect the following of the teacher candidate while at the site:

- Observe, analyze, and assess students in an aquatic setting.
- Prescribe adapted physical education serves based on empirical data.
- Write reports delineating student current levels of swimming and student progress.
- Create assessments that meet the unique needs of children with special needs.
- Modify assessments as deemed necessary based on contraindicated activities for specific disabilities.

The site will provide the following:

- An opportunity to teach and assess students with disabilities in the aquatic setting.
