

Incomplete Grade Process for Undergraduate Level Courses

A grade of Incomplete "I" may be assigned when the quality of work in a course submitted is satisfactory (*that is, the student is currently passing the course*), **and** at least two-thirds of the essential requirements of the course have been completed. Students may request incompletes for reasons such as illness, injury or other extenuating circumstances. Incompletes may also be assigned to students in project-centered courses in which instruction is highly individualized or in self-paced courses. In all cases, students **must** complete the work within one semester (not counting the summer term) following the award of the Incomplete.

An extension of one semester only may be granted by petition to the faculty member and department chair; additional extensions must be approved by the Assistant Dean for Student Academic Policy or another designee of the Dean.

The Incomplete Form must be completed by the student, faculty member and department chair and must be filed in the COLS Dean's Office. At the end of the following semester, if the grade is not changed and an extension is not granted, the grade automatically changes to F. The instructor must complete a Change of Grade Form to change the grade.

Near the end of each semester, the Registrar's Office sends departments a list of students with "I" grades in their courses from previous semesters, including the name of the instructor who assigned the grade, as a reminder that a change of grade or an extension must be filed or the grade will default to an "F".
