"The Christine Ann was one of the places I interned at during my undergrad. Completing an internship here is what opened my eyes and heart to a community I didn't know I would grow such passion for; victims of domestic abuse. I am so thankful I utilized Career & Professional Development, as I received tremendous help editing my resume and preparing for interviews through mock interviews. Do not settle on your first job offer, keep searching until you find what your heart speaks to. Finding a job in the "real world" is much like looking at colleges after high school, you'll get a gut feeling on where you belong."
