DEPARTMENT NEWS:

Congratulations to Leigh Hayes for receiving the 2018 Chancellor’s Award for Excellence!!!

Shannon Brink, Nicole Salchert, Danny Makowsky, and Brooke Vander Pas have been awarded research grants of $250 each from the C.W. Fetter Endowed Research Fund. Shannon and Nicole are collaborating with Dr. Jen Wenner on their research. Shannon’s project is “Mineral chemistries provide a record of complex crustal processes that modify basalts in continental arcs: An example from the Poison Lake Chain, southernmost Cascades.” Nicole’s project is “Evidence for crustal processing of basalts in the Poison Lake Chain, Lassen region, California.” Dr. Eric Hiatt will supervise the research of Danny and Brooke. Danny’s project is “Effects of micro-organisms on fossil structure and chemistry.” Congratulations to all four students!

Position for a Summer Environmental Technician with OBG (O’Brien and Gere) in Milwaukee
OBG is advertising this position and you can apply at this link: https://workforcenow.adp.com/jobs/apply/posting.html?client=obg&jobId=233909&lang=en_US&source=CC3
Positions for Summer/Fall Intern and Hydrogeologist at Omni

Omni and Associates, an environmental consulting company in Appleton, is advertising a position for a summer/fall intern and another position for a hydrogeologist. Go to their web site to apply: https://omni.com/careers/

If you or someone you know would be interested in a part-time summer job or internship (open to current college students and post grads) with the Missouri Department of Natural Resources, please visit the following web page for a list of the available opportunities for the summer of 2018:

www.dnr.mo.gov/hr/internships.htm.

The application period for our Summer Professional Development Program concludes on March 30th, so you still have three weeks to submit your application, current resume, copy of your transcripts, and letter of recommendation.

Opportunities are available with the following programs: Water Protection Program, Air Pollution Control Program, Hazardous Waste Program, Solid Waste Management Program, Environmental Services Program, Water Resources Center, Missouri State Parks, and the Missouri Geological Survey. Position locations include Jefferson City, Kansas City, Macon, St. Louis, Springfield, Poplar Bluff, and Rolla.

Completed applications may be uploaded via the internship web page (see address above) or emailed directly to me attiffani.martin@dnr.mo.gov.

If you have questions about the application process or any of the position descriptions, please feel free to contact me attiffani.martin@dnr.mo.gov or 573-522-1503.
