## NOTES:

1. If student elects to take more than one course at the designated placement level, a grade of B or better must be earned in at least one of the courses.
2. If student earns a grade of D- to B- in the designated placement course, he/she will receive credit for the course taken, but will earn no retroactive credits. The same course may be taken a second time, and retroactive credits will be granted if a grade of B or higher is achieved. The student may also elect to take the next higher course in the language sequence (not recommended) and will receive retroactive credits if a B or higher is earned. The higher level course option is especially not recommended for students who earn a grade of D.
3. Native speakers and “portfolio students” of a global language taught at University of Wisconsin Oshkosh may also earn retroactive credits in the manner outlined above.
4. Students who have earned global language credit, but are subsequently able to skip a course or courses in the normal sequence because of foreign residence or other language learning experience, may also earn beginning or intermediate retroactive credits for the course(s) skipped in accordance with above policies.

## II. Transfer Students

- A. Retroactive credits granted by an accredited transferring institution for study of a global language taught at University of Wisconsin Oshkosh are accepted in accordance with current university transfer policies and may be counted toward fulfillment of the B.A. Global Language Requirement, or for major or minor language requirements. However, at least 12 upper-division credits must be taken in the given language at University of Wisconsin Oshkosh to earn a major and at least three upper division credits to earn a minor.
- B. If a student began language study at an accredited transferring institution above the beginning level, but did not receive retroactive credits, the student may appeal to receive retroactive credits.
- C. Transfer students who have earned credits at institutions (including government or military institutions) in languages not taught at the University of Wisconsin Oshkosh must contact the Associate Director of Admissions for consideration of these credits as humanities electives. Consultation with the Chairperson of Global Languages and Cultures will be necessary to determine if these credits will satisfy the B.A. Global Language requirement.
