

Lake Winnebago Region Restructuring
Project Decision

Note: The purpose of Project Decisions is to serve as a record of the agreement of the University leadership to pursue activities, operational processes, and policies that support the “Three Campuses, One University” credo. However, they do not—and cannot—commit the University to allocation of budgetary resources or additional personnel that might be required to pursue them. Such obligations take place through separate processes within UW Oshkosh. As such, the implementation of all Restructuring Project Decisions is always subject to resource availability.

| Decision Title: | Professional Skills Course at Access Campuses |

Recommended Decision

Add three sections of a cross listed Professional Skills course starting fall 2019. One section a year at UW Fond du Lac and two sections a year at UW Fox Valley. These courses are required in the College of Business for admission, Computer Science and Engineering Tech prior to internship and serves as a pre-requisite for other College of Letters and Science internship courses.

Background

Career & Professional Development offers a number of professional skills courses that allow students to prepare for internships and jobs. Students in these courses practice resume writing, conducting company research, internship/job search strategies, networking, interviewing and personal branding. By taking these courses students will be more equipped, confident, and connected for the transition to the world of work. These courses meet the mission of Career & Professional Development by fostering student success through the acquisition of knowledge, practice of skills, reflection on experience and demonstration of career readiness.

Budget Implications

\$11,570 from “Crosswalk Funding”

Next Steps

Marki D. Rudd
