

Lake Winnebago Region Restructuring  
Project Decision

**Note:** The purpose of Project Decisions is to serve as a record of the agreement of the University leadership to pursue activities, operational processes, and policies that support the “Three Campuses, One University” credo. However, they do not—and cannot—commit the University to allocation of budgetary resources or additional personnel that might be required to pursue them. Such obligations take place through separate processes within UW Oshkosh. As such, the implementation of all Restructuring Project Decisions is always subject to resource availability.

<b>Originating Work Group or Department:</b>	Faculty & Staff / Academics

<b>Decision Title:</b>	Student Opinion Surveys

**Recommended Decision**

Merging of Student Opinion Surveys (Process and Data)

**Background**

It is important to get all faculty/IAS on a common SOS form as this facilitates merit, promotion, tenure, and renewal judgments. A common form can be developed but it will take some time for this to happen so a grace period is needed. It would be unfair to penalize faculty/IAS at UW Fox and UW FdL for having a different form. Data storage and access should be centralized to protect confidential information and ensure appropriate access is maintained.

**Budget Implications**

\$18,000 from “Crosswalk Funding”
